- You will then need to select "IMAP" and then, from the keypad, enter your account information.

IMAP		POP
Name	Test	
Email	test@itsadsl.net	
Description	ltsadsl	

OUTGOING MAIL SERVER	
Host Name	mail.intouchsystems.co.uk
Username	test@itsadsl.net
Password	●●●●●●●●

INCOMING MAIL SERVER	
Host Name	mail.intouchsystems.co.uk
Username	test@itsadsl.net
Password	●●●●●●●●

Then enter

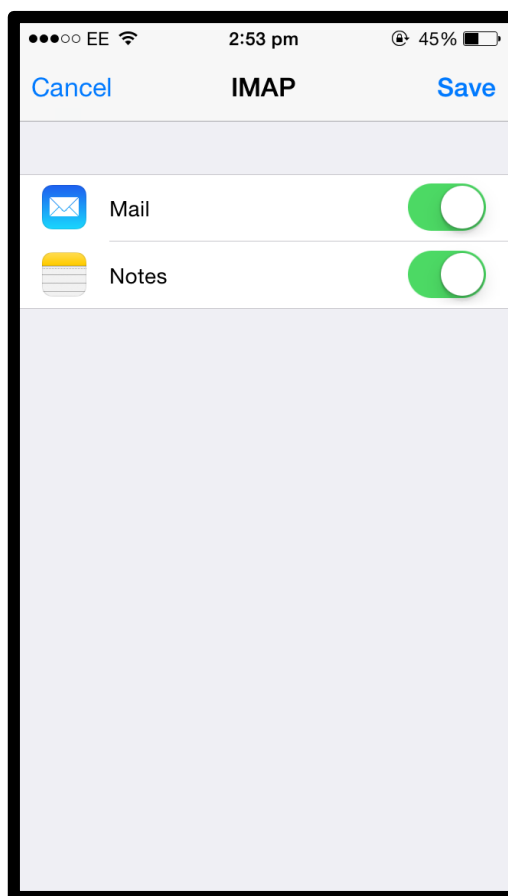

- your "Incoming Mail Server" information as follows: for the "Host Name" enter "mail.intouchsystems.co.uk" Then enter your complete email address as the username i.e. "test@itsadsl.net", and then enter your email password for the "Password."
- Fill in the "Outgoing Mail Server (SMTP)" information as follows: for the "Host Name" enter "mail.intouchsystems.co.uk." If that server doesn't work with your port then try this configuration: "mail.intouchsystems.co.uk:8025. Then enter your "Username" (full email address)" and "Password" as you have done for your "Incoming Mail Server" since that information is the same for both your incoming and outgoing mail.
